

MONZA Speciale F-Eco 5W-20

High performance low viscosity engine oil for Ford engines

Properties

MONZA Speciale F-Eco 5W-20 is a HC-synthetic high-performance, low-viscosity engine oil of latest technology especially for modern Ford EcoBoost engines. Excellent cold-start behaviour ensures optimum lubrication reliability in the cold-running phase. The special additives improve the protection of the catalytic converter. Guarantees highest engine cleanliness and best wear protection. Exceptional product stability enables extended oil change intervals.

MONZA Speciale F-Eco 5W-20 guarantees a fuel saving potential of up to 3% and contributes to environmental protection by reducing CO₂ emissions.

Application notes

MONZA Speciale F-Eco 5W-20 was developed especially for the latest Ford EcoBoost engines.
